

## Welsh Railways Research Circle

### Colin Chapman Collection

#### List of volumes

Please note that the 22,100+ hard-copy pages in Colin's files from which the scans were taken are now at Cardiff Central Library.

The production of the digital PDF files was funded by the Circle, both as a back-up for the Library and for the use of Circle members.

There is no detailed catalogue of the transcripts and photocopies in the individual files but each is easily navigated since the pages are assembled in fairly strict chronological order.

If material from any of the files is used for publication, permission should first be obtained from the Welsh Railways Research Circle.
